

PRIVATE TUTORING 2016-2017

Parents often request names of people who would be willing to tutor a student, either in general curriculum or specific subjects. Pupil Services has compiled the following list of certificated teachers who are presently employed by or substituting for the Santee School District. This is offered for reference only.

If you choose to contact anyone on this list, all scheduling and financial compensation arrangements must be arranged directly between you and the prospective tutor. Santee School District makes no recommendation regarding financial compensation. An adult should be at home when tutoring takes place.

Santee School District accepts no responsibility or liability for tutoring contracted directly between parents and teachers. This list is neither an endorsement nor a recommendation. It is considered unethical for a teacher to tutor a student he/she sees during the school day.
